

SWEPCO Arkansas Air Conditioner and Heat Pump Rebate Form

Customer Information

Name: _____

Address: _____

_____ County _____

Daytime Phone: _____

SWEPCO Account number (from utility bill):

Square footage of AC equipment zone _____

By my signature, I understand and agree to the following:

- Rebates are eligible only for units that are installed at a residence that receives electrical service from AEP-SWEPCO in Arkansas.
- AEP-SWEPCO, or its implementing contractor, may inspect the unit to verify that program requirements are met. Customer will cooperate with inspection process.
- SWEPCO is not liable for the quality, safety or installation of rebated items.
- All contractor information has been filled in (no blanks).

HVAC Partnering Contractor Information

Company Name _____ Date of installation _____

Technician _____ Phone # _____

New Cooling/Heating Unit Information

System type: Split AC _____ Package AC _____ Split Heat Pump _____ Package HP _____

ARI reference number (from CEE Directory) _____

Size (tons) _____ SEER _____ EER _____ HSPF (heat pumps only) _____

Brand _____ Outdoor (condenser) Model Number (M/N) _____

Indoor (evaporator) M/ N _____ Furnace M/N _____

By my signature, I attest that the new unit meets the following requirements:

- Qualifying central air conditioning units must have an ARI listed SEER rating of 14 or greater and an EER rating of 11.5 or greater. Heat pumps must have a minimum ARI-listed HSPF rating of 8.2.
- All units must be verifiable from Consortium for Energy Efficiency's Directory of ARI Verified Equipment (<http://www.ceedirectory.org>).
- No used or reconditioned equipment will be rebated. Split systems must be matched sets, as document by ARI reference number.
- New equipment is **properly sized** to dwelling based on ASHRAE or ACCA Manual J standards (load calculations).
